

TECHNANCIAL IS PLEASED TO ANNOUNCE THAT THE COMPANY IS NOW IN THE REGTECH GLOBAL 2020 LIST

Tuesday November 26th, London: The Technancial Company (TTC) the leading transaction monitoring technology firm, has been selected from many applicants to be in the list of 100 companies to watch! This is the third annual RegTech 100 list of the tech companies transforming compliance, risk management and cybersecurity.

The world's most innovative technology solution providers that address the challenges and opportunities of dealing with regulatory issues within financial services, were announced today by RegTech Analyst, a specialist research firm.

“Employing RegTech solutions to modernize the compliance function is now mission-critical for financial institutions globally” said Mariyan Dimitrov, head of research at RegTech Analyst. “And even though 51% of RegTech 100 companies are based within the UK or US, the spread of RegTech innovation has seen companies from another 23 countries make the list.”

TTC's Mirko Marcadella, Managing Director of The Technancial Company, said, “We are delighted that our company has been recognised as one of the leaders in the very challenging risk management and transaction monitoring field.”

About The Technancial Company Ltd. (TTC)

The Technancial Company Limited delivers advanced real-time risk management, trade surveillance and analytical tools to global markets. TTC's products, JANUS™ Risk Manager, JANUS™ Margin Engine, JANUS™ Trade Surveillance, JANUS™ Behavioural Analytics and JANUS™ Margin On Demand are used by global institutions across markets, regions and asset classes to supervise their trading, market making, DMA and HFT activities. More than 80 risk rules and more than 60 clearing houses' margin algorithms are supported by the JANUS™ Platform and can be used in pre-trade, post-order (at-trade) and post-trade to manage market, credit and operational risks in demanding environments.

Best of breed modern technologies are used in a scalable, easy to maintain system that simplifies customer IT. JANUS manages high volume transaction data in real time and historically, integrating seamlessly into existing application ecosystems.

Why JANUS™? Janus is the twofaced god of beginnings, gates, transitions, time, looking to the future, anticipating future risks and threats, and looking at the past, understanding previous events.

The company is headquartered in London and has offices in Chicago, Hong Kong and Milan. For more information please visit <http://technancial.com/>
