

THE TECHNANCIAL COMPANY EXPANDS WITH NEW SENIOR APPOINTMENT

Tuesday, 16 October 2016, Chicago: The Technancial Company Ltd has announced the latest appointment of Richard Buchanan to its US-based operations. His key role within the company will be to focus on business development in the North American market.

Richard brings in-depth experience in the front to back operational and technology space, as well as a proven track record of understanding client needs, with broad experience in the financial services industry. His roles included activities in the back office (clearing, middle office and risk management), as well as execution and sales in the front office in trading and brokerage firms, both in the UK and US.

Richard's comprehensive career in the derivatives business and technology solutions span more than 25 years: product management, managing client services, and business development at leading technology providers in London and Chicago - including SunGard (FIS Global) and ION Trading.

Mirko Marcadella, Global Head of Business Development says: "Richard has built a trusted network of relationships across the listed derivatives industry through diligent account management, sales and product expertise and proven knowledge of industry and technology drivers. With TTC recognized as a disruptive innovator in Europe and Asia, we look forward to Richard leveraging Technancial's JANUS suite of technology solutions to successfully expand Technancial's presence in North America."

ENDS

About The Technancial Company Ltd: The Technancial Company Ltd. delivers advanced real-time risk management and trade surveillance tools to global markets. The Technancial Company's products, JANUS™ Risk Manager, JANUS™ Margin Engine and JANUS™ Trade Surveillance, are used by global institutions across markets, regions and asset classes to supervise their trading, market making, DMA and HFT activities. More than 70 risk checks and more than 60 clearing houses' margin algorithms are supported by the JANUS™ Platform and can be used in pre-trade, post-order (at-trade) and post-trade to manage market, credit and operational risks in low latency environments.

The company is headquartered in London and has offices in Chicago, Hong Kong and Milan.
